

FLOATERHOIST®

FLOATERHOIST® BA1

- › The ORIGINAL horizontal bike hoist
- › Works with mountain bikes, road bikes, downhill/freeride bikes, cruiser bikes, and BMX bikes up to 25 kg (55 lb)
- › Clamcleat rope locks: self-locking, intuitive and predictable operation
- › Heavy, large diameter moveable pulleys: rope-twist resistant, jam-proof movement
- › Mechanical advantage of 2 for easy lifting
- › Slings provide gentle support to the bicycle's frame and fork

US Patent 7631854

INSTALLATION

- › Installs on solid wood joist or concrete ceilings
- › Compatible with all ceiling joist spacings up to 600 mm (24")
- › A holder is included to allow an assistant to help w/ installation
